

## ***Apprenticeship 101***

*Apprenticeships are an industry-driven, proven strategy for recruiting quality employees, as well as advancing and retaining your best employees. Come to the Workshop and learn of the many ways in which VESTA and Apprenticeships can address your workforce needs. Learn of the services and funding opportunities available through your local MO Job Center. Production Technician – a new and unique occupation is now available and will be especially appealing to smaller operations. Funds are available for a limited time to defray costs for the technical instruction that complements the on-the-job learning.*
