

Event Registration - VESTA Sensory Workshop

For those that have an interest in viticulture & oenology (grapes & wine) - this is open to everyone! The guest instructor is from California (wine country) and being hosted here by our very own Dennis Emslie! VESTA sensory instructor Zoran Ljepovic, Wine making QC at Constellation Brands, Oakville, CA, will be leading up to 30 students through the principles of sensory evaluation used in commercial wine making. Learn wine judging, standard benchmarks with sensory kits, faults and flaws, and sensory evaluation tips from a pro in the wine industry. See his impressive bio on www.vest-usa.org in the faculty and staff slide show/read more. This is the new and improved VESTA Sensory Workshop which has been changed by student demand: The first day will focus on white wine, and the second on red wine. VIN 266 students must attend both days, but others attendees may choose to attend just one.
