## Course Requirements

Students who meet the prerequisite requirements must submit an Internship Plan at the start of the term; keep an online Practicum Journal; participate in live class sessions; participate in the online

discussions; and complete their 194-hour practicum within the semester timeframe. There are no examinations in this course.

### **Instructor's Role**

The instructor will act as a coordinator for this course. The coordinator will facilitate the selection/assignment process between students and wineries, interact with on-site supervisors, and may make site visits in order to track student participation and resolve any problems should they occur. The coordinator is also the "Instructor of Record" for the purpose of assigning grades. Grades will be assigned following review of student portfolios prepared by participating wineries, student journals, class participation, and consultation with student's on-site supervisors.

### **Instructional Methods**

This is an internship course (194 clock hours required) with an online component. An online course site hosted by Missouri State University is used to serve as a central point for interaction/communication between instructor and students. The instructor will post resources on the course site and conduct synchronous and asynchronous discussions with students on topics and issues related to the practical experiences occurring in the winery.

**Live Class Meetings:** There will be a weekly live class meetings via the **Zoom** web conferencing system every **Wednesday from 7:00 to 8:00 p.m. Central Time**. Participation in the live class meeting is required and participation points are assigned. It is an opportunity for the students to interact directly with the instructor and fellow students to discuss questions and issues related to their practical experiences at the winery.

The link to the Zoom virtual classroom will be posted at the top of each appropriate module. Students will use the same virtual classroom for their live class meetings the entire semester. The sessions will take place on the dates listed in the above schedule.

It is the student's responsibility to notify the instructor in advance if he/she must miss a class. Students who missed a class meeting are required to view the recording of the live class as soon as possible.

**Practical Internship Experience:** Students are required to complete **194 hours** of practical experience at a qualified winery. The practicum activities should involve fall winery operations such as fruit processing; press operations; must preparation; wine fermentation; barrel handling; winery equipment sanitation; and wine and must analysis lab procedures (if available).

**Internship Plan:** Students must plan out the 194-hour requirement with the winery supervisor at the beginning of the internship. The purpose is to spread out the practicum hours to cover all the winery operations required by this course and ensure that the internship can be completed during the semester timeframe. Students will submit the internship plan to the instructor no later than the end of Week 3. Detailed instructions are provided on the course site.

**Practicum Journal:** Students will be required to keep an online practicum journal to record all practicum activities during the semester. The activities should be described in detail with supplemental photos, if applicable. Each student will have an online journal space, and the journal instructions are posted on the course site. Your instructor will view the online journal entries from time to time and make comments if necessary.

**Online Discussion Questions:** Students will be asked to post questions that arise at the winery. These questions will be discussed during the live class meetings.

**Obligations of Student:** Student participants are expected to have completed the basic courses for the Associate of Applied Science Degree in Enology. This course requires a part-time commitment of time for one harvest/crush season at a winery of sufficient scale and commercial experience to provide the variety of actual work experiences necessary to complete this education package. Students are obligated to be enthusiastic, punctual, capable of following instructions, and able to work cooperatively with supervisors and other winery personnel. Student applicants should expect to provide resumes and work references and be interviewed as part of the student – participating winery matching process.

**Obligations of Winery:** Expertise and experience, scope of facilities and scale of operation, and willingness to work with student in exposing him/her to common winemaking activities during harvest and crush. Winery personnel acting as student supervisors are obligated to attempt to provide a variety of realistic experiences, and a written evaluation of student’s performance to be added to the student’s portfolio. Winery personnel will be consulted but are not ultimately responsible for grades received by student for VIN 257.

**Instructor Feedback**

The instructor will make the best effort to respond to student questions and complete grading on a timely manner.

**Grading**

Student grades will be determined based on their total points earned in the class. The table below outlines the total points possible for this class and their percentage weight.

<b>Percentage Weight of Student Performance</b>		
<b>Activity</b>	<b>Percentage</b>	<b>Points</b>
Practicum Participation and Completion of Required Hours	55%	550
Internship Plan	4%	40
Practicum Journal	20%	200
Discussion Board Questions (Modules 2-15; 7.5 points each)	10.5%	105
Live Class Participation (7 points each)	10.5%	105
<b>Total</b>	<b>100%</b>	<b>1,000</b>

Grade calculation: total points earned ÷ total points possible; then using the following scale to determine final letter grades:

90 – 100% = A	80 – 89.9% = B	70 – 79.9% = C	60 – 69.9% = D	Below 60% = F
---------------	----------------	----------------	----------------	---------------

It is the students’ responsibility to see that all requirements are completed within the semester timeframe so grades can be issued. No grade of “Incomplete” will be issued.
